## **IMPORTANT INFORMATION FOR THE ACCUSED**

Criminal laws are extremely tough in California. You need a trial attorney who is not afraid to fight your case. Most of the lawyers who send you letters never do trials. Their idea of handling the case is to present you with the Prosecutor's offer and then pressure you to accept it.

I am so confident that I am the best attorney for you, I offer a **Satisfaction Guarantee**. If I cannot achieve a dismissal of the case or the result you want, then I will encourage you to seek other counsel. If you retain another attorney who promises you a better result in writing, then I will pay to that attorney the entire fee you paid to me.

I am well known in the Inland Empire as a trial attorney. Please visit my website **[www.AttorneyCantrell.com](http://www.AttorneyCantrell.com)** for newspaper articles and court records for some of my successful trials.

You can always expect a vigorous defense when I am at your side including:

- An independent investigation of the case;
- A careful analysis of the police reports to find weaknesses; and
- A reduced bail bond fee; and in some cases a reduction of the amount of bail required.

For **DUI** cases:

- A careful analysis of the police reports to uncover weaknesses or mistakes made by the officer in the field sobriety tests and the breath or blood tests;
- A review of the breath or blood test results by scientific experts; and
- Independent testing of the blood samples.
- Go to my website for more information on how to fight a DUI.
